PNEUMATIC LIFTING TABLE FOR UPHOLSTERY ST-3/BR

The table ST-3/BR is equipped with adjustable support arms for easy access to the bottom of the furniture. The table has a stainless steel-covered tabletop.

Key features:

- This solid construction is based on steel profiles and pneumatic cylinder.
- The pneumatic cylinder is foot-controlled.
- The table has a connection slot for pneumatic tools.
- After turning the table off it blocks automatically (cutting power off does not make the table fold).
- The table can be equipped with a drawer for upholstery tools.
- It has been proven that using our lifting tables decrease the use of energy by 15% in comparison to upholstery trestles.
- An increase in productivity of at least 14% has been observed when employees used our lifting tables instead of regular upholstery trestles.

Specifications:

Model: ST-3/BR
Working pressure: 6 bar (87 PSI)
Tabletop dimensions: 1940 mm x 940 mm
Pneumatic cylinder: D125x600
Minimum height: 320 mm (12.59")
Maximum height: 1280 mm (50.39")
Maximum load: 130 kg (286.6 lbs)
